

MEET US AT CADENCE DESIGN SYSTEMS

Hall 4 Booth 4-122

ALANGO TECHNOLOGIES WILL SHOWCASE VOICE, AUDIO AND HEARING ENHANCEMENT

Enhancing voice clarity for TWS and headphones

Enabling smart ambient sound

Boosting face-to-face conversations (hearing enhancement)

Slowing down speech in real time for better comprehension

Improving voice intelligibility in movies and TV programs

Alango licenses DSP voice/audio/hearing enhancement technologies for automotive, Bluetooth® accessories, voice conferencing, intercoms, voice-controlled devices, hearing aids, TV and more.

Contact us to arrange a meeting at **CADENCE DESIGN SYSTEMS** (Hall 4 Booth 4-122) or at an alternate location.

WE LOOK FORWARD TO SEEING YOU THERE!
